# Introduction

The International Preschool Curriculum® (IPC) sets high standards for early childhood education and provides teachers with a comprehensive framework for curriculum delivery, suggested activities and Assessment. Each thematic unit is drafted by one or more qualified and experienced curriculum drafters and reviewed by an advisory committee consisting of early childhood academics, consultants and teachers. The IPC offers a support network for teachers to discuss their ideas and obstacles and encourages its members to be at the forefront of the organization's development.

## IPC Editorial Team

This indicates the content learning area or subject area for the learning objectives and activities.

All learning objectives are summarized at the beginning of each activity and duplicated in the assessment book for easy reference.

Instructions on how the teacher can best achieve the learning objectives. This is always at the beginning of each activity and should be read in advance to ensure that the teacher is comfortable and familiar with the activity.

For assessment purposes, all learning objectives are achieved on a scale from 1-5. (See *Assessment key for further detail*)

## Example of a filled out Assessment:

# 1.0 Geography

- Teacher's constant observation of student's ability and demonstration of comprehension for following directions, answering questions and participating in discussion by providing relevant comments.

| L1 - L3  | The student will go on a shape and color hunt.                              |  |  |  |  |  |  |
| L1 - L3  | The student will identify some shapes by name.                              |  |  |  |  |  |  |
| L1 - L3  | The student will be able to follow simple directions to play the hunt game. |  |  |  |  |  |  |
| Teacher: |                                                                             | Date Tested:                                                                          |                                                                                       |                                                                                       |                                                                                       |                                                                                       |                                                                                       |

## 1.2 Counting

- Teacher observation of student's ability to use one-to-one correspondence when counting.

|          |                                                                               | N/A                                                                                 | 1                                                                                   | 2                                                                                   | 3                                                                                   | 4                                                                                   | 5                                                                                   |

| L1 - L3  | The student will use seashells for counting by exploring quantity and number. |  |  |  |  |  |  |
| L1       | The student will demonstrate awareness that numbers represent quantity.       |  |  |  |  |  |  |
| L2 - L3  | The student will demonstrate understanding that numbers represent quantity.   |  |  |  |  |  |  |
| L1 - L3  | The student will use one-to-one correspondence.                               |  |  |  |  |  |  |
| Teacher: |                                                                               | Date Tested:                                                                        |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |

## 1.3 Repetition and Pattern

- Teacher observation of student's ability to work with completing and creating new patterns.

|          |                                                                        | N/A                                                                                   | 1                                                                                     | 2                                                                                     | 3                                                                                     | 4                                                                                     | 5                                                                                     |
