

Teddy Care®

First Steps to a Brighter Education

Parent Guide

Week 3

Dear Family,

Over the next two weeks we will be learning all about farms! We will be learning all about the different types of farms, farm animals and jobs on the farm. We will be incorporating the study of geography through inquiry and play based study.

This week's sight words are: and, in, said, the, to. Please try and incorporate these words as repetition is key.

In Language Arts...

we will be learning the letter 'T'. This includes the uppercase and lowercase letter and the sounds associated with this letter. We will be reading some interesting titles including The Little Red Hen and Tremendous Tractors.

In Numeracy...

we will be focusing on the number 3 as well as counting and cardinality. The shape that we will be focusing on this week is the square, identifying the similarities and differences between the shapes previously studied.

In Science...

These two weeks will be prominent in Science skills. We will be creating our own compost and grow our own plants. We will also be taking care of earthworms and watch their growth of them. These activities will be followed up on over the next two weeks.

In Social & Emotional Skills...

we will be studying and learning about the different careers that are available in farming.

In Creative Arts...

we will be focusing on the color yellow. We will be incorporating music into this week's learning including Old Macdonald Had a Farm.

In Motor Skills...

We will be learning how to interact and play with hula-hoops. There are so many ways to play with these. We will be focusing on listening to instructions and interacting with one another in a respectable manner.
